Rapid Recovery

We know your priority is quality care that will lead to a better well being and rapid recovery. Whether it is you or a loved one who is recuperating from surgery or a serious illness, we understand how complex and important choosing your rehabilitation provider can be.

- Our staff of trained professionals will develop a personalized care plan to meet your specific needs. Together, we'll provide the right level of care in the most appropriate setting.
- Overall, our goal is to maximize physical wellness, to promote independence and healing and enhance personal dignity.

Our skilled, interdisciplinary team helps to make a difference with their helping hands and compassionate hearts.

- Physicians
- Registered and Licensed Nurses
- Dieticians
- Social Workers
- Certified Nursing Assistants
- Restorative Aides
- Physical, Occupational and Speech Therapists

We also recognize that involvement by family members is a key component in any health program. Our programs and services provide support and education to the family members of all of our patients.
